

Product info sheet:
glimtrex[®] WPC-Cleaner

Product description

glimtrex[®] WPC- Cleaner is a cleaning concentrate for the basic cleaning of WPC (Wood Plastic Composites) such as Resysta- and Poly rattansurfaces. glimtrex[®] WPC-Cleaner removes algae, grime, oil, greying or any other pollution.

glimtrex[®] WPC-Cleaner is highly effective and environmentally friendly.

Application Instructions

- WPC surfaces can react differently to the product, so we recommend to do sample
- apply glimtrex[®] WPC-Cleaner (depending on the degree of pollution) pure or diluted with water (max 1:10)
- wet the floor
- apply glimtrex[®] WPC-Cleaner and let the product penetrate into the wood for 3-5 minutes
- brush the pollution with a scrubbing brush or a cleaning fleece and water away
- clean the floor with water
- do not let the floor dry (for big surfaces work section by section)
- if necessary redo the process
- processing temperature should not be below 8 °C
- drying time is approx. 12-24 hours
- after the WPC is dry apply glimtrex[®] WPC-Impregnator

Yield

1 litre for 65 m². Depending on degree of pollution

Technical information

Available in 1 litre and 2.5 litre tins.

Store cold but frost-free. The shelf life is 3 years in the closed original tin. Decant the open tins and hermetically seal them. Use them prompt.

Important tips:

Keep away from food- and feeding stuffs. Do not breath in the spray dust. If the product contacts with the skin- or eyes flush it out with clean water. Keep away from children. Can evoke an allergic reaction. Dried material left over can be disposed in the household waste.

Please look at the current safety data sheets. You will find them at www.glimtrex.de/downloads.
