

Product info sheet: **glimtrex[®] R12 Pulver**

Product description

glimtrex[®] R12 pulver is an additive for glimtrex[®] Hardwax-Oil which to achieve the certified slip resistance R12.

Characteristics

- Only to be used in conjunction with glimtrex[®] Hardwax-Oil
- Suitable for all wood and cork surfaces
- fulfils the slip resistance requirements of R12
- easy to apply

Application instructions

- Mix in the glimtrex[®] Hardwax-Oil with 5 % glimtrex[®] R12 Pulver
- Make sure that the glimtrex[®] R12 Pulver and the glimtrex[®] hardwax oil are well mixed
- Evenly roll on the material
- Before applying the second layer it is imperative that an interim polish be carried out
- use the glimtrex[®] R12 Pulver for both layers

Technical information

Available in 0.125 liter tins.

Oil-saturated cotton cloths pose a risk of spontaneous combustion due to heat buildup; therefore it is advised to spread them out and allow them to air dry before disposal.

The shelf life is 12 months in the closed original tin. Make sure to stir the tin thoroughly before using. A skin may form on the surface of the product, please remove before stirring.

Please look at the current safety data sheets. You will find them at www.glimtrex.de/downloads.
