

Product info sheet:  
**glimtrex<sup>®</sup> Wood-deck  
Cleaner**

### Product description

glimtrex<sup>®</sup> Wood-deck cleaner is specially for the cleaning of atmospheric pollution, algae, greying, grime and oil. Also cleaning hard to reach areas such as grooves in decking.

### Application Instructions

- Recommended processing temperature (incl. drying) should exceed + 8° C
- wood humidity should exceed 18%
- humidity should be below 60%
- wet the wood
- don't let the cleaner dry (for big surfaces work section by section)
- depending on the degree of pollution use glimtrex<sup>®</sup> Wood-deck cleaner pure or diluted with water (maximal 1:10)
- glimtrex<sup>®</sup> Wood-deck cleaner is applied on the wet wood
- after a few minutes penetration time the cleaner can be brushed away
- clean the floor with clear water
- if necessary redo the process
- after using the product and after it's drying time (24 hours) you should use glimtrex<sup>®</sup> Outside-Oil to protect the wood against graying and weathering

### Yield

1 litre is depending on the degree of pollution sufficient for 15-75 m<sup>2</sup>.

### Technical information

Available in 1 and 2.5 litre cans.

Store cold but frost-free. The shelf life is 3 years in the closed original tin. Decant the open tins and hermetically seal them. Use them promptly.

Please look at the current safety data sheets. You will find them at [www.glimtrex.de/downloads](http://www.glimtrex.de/downloads).
